- (1) The Campbell Medical School at Calcutta.
- (2) The Dacca Medical School at Dacca.
- (3) The Ronaldshay Medical School at Burdwan.

3. Both men and women are trained in the Campbell and Dacca Medical schools for the "Licentiate Examinations" of the State Medical Faculty, Bengal. In the Ronaldshay Medical School, only men are so trained. Students passing the final examination of the Faculty receive the diploma of "Licentiate of the State Medical Faculty, Bengal."

4. **Length of Course.**—The Course of study for the Licence of the State Medical Faculty in the Schools extends over four years.

5. **Sessions.**—The summer session shall commence on the 1st July and the winter session on the 1st November. Students shall join by the opening day of the summer session. As a special case a student may be permitted to join within a week of the commencement of this session, provided that (1) he is able to satisfy the Superintendent that the delay was unavoidable, and (2) that he pays a late fee of Re. 1.

6. **Number of Students.**—The number of students in each school shall ordinarily be as follows :—

Campbell Medical School	500
Dacca Medical School	400

To guard against excessive depletion from casualties of all kinds, 5 per cent. over the numbers above specified may be taken on the rolls at the beginning of the summer session.

Section II.—Admission.

7. **Certificates.**—Male candidates for admission to the schools shall produce the following certificates :—

- (1) Certificate of having passed the Matriculation Examination or any higher examination in Arts or Science of a recognized University—The School Final Examination for Indian Schools and the High School or Scholarship Examination for European Schools or any examination which is accepted by the Local Government as equivalent thereto will be accepted as equal to the Matriculation Examination.

9. If there are more candidates than vacancies, preference shall ordinarily be given (1) to those who are natives of the Presidency, and (2) to those who possess better educational qualifications.

10. **Application for admission.**—An application for admission into the Medical School shall be submitted in Form A appended to these rules, together with the certificates laid down in rule 7 or 8; and shall reach the Superintendent's office at the Campbell Medical School on or before the 10th June in each year, at the Dacca Medical School and the Ronaldshay Medical School (Burdwan) on or before the 25th June or within ten days of the publication of the results of the Matriculation Examination.

11. All candidates shall appear before the Superintendent, on the date notified, for examination as to their mental and physical fitness for the study of medicine; this shall ordinarily be during the third week of June at the Campbell Medical School and the 30th June at the Dacca and Ronaldshay Medical Schools.

12. All women students of the Campbell Medical School shall reside in the Lady Elliot Hostel; only under very exceptional circumstances shall permission be given for residence elsewhere. The Superintendent, after first satisfying himself (1) that the applicant's conduct in the school has been good, and (2) that he has successfully passed the school test examination in the previous session, shall forward the application to the Superintendent of the school which the applicant is desirous of joining, with his recommendation. N.B.—Students admitted before July 1919 will continue to pay their tuition fee at the old rate of Rs. 4 a month subject to the conditions set forth in this rule.

19. **Exemption.**—Students holding scholarships awarded under these rules by the Government of Bengal and free students shall be exempted from the payment of the tuition fee, but shall pay the entrance fee and the sports and athletic club fee.

20. **Readmission.**—A fee of Rs. 6 shall be payable on readmission by a student (1) who has been rusticated; (2) who has left the school without the permission of the Superintendent; or (3) whose name has been removed for non-payment of fees; provided that in the two latter cases his conduct and attendance while in the school have been good. 49. **Absence without leave.**—No student shall absent himself from School or Hospital attendance without leave, except in case of sudden indisposition. Any student who disobeys this rule will thereby incur a fine of 2 annas per diem for every day's absence unless he can furnish a medical certificate as provided in Rule 53.

No. 3362 L.S.-G.—The 26th July 1921.—In pursuance of section 49, sub-section (1) of the Calcutta Improvement Act, 1911 (Bengal Act V of 1911), it is hereby notified for general information that in exercise of the power conferred by section 48 of that Act the Government of Bengal (Ministry of Local Self-Government) are pleased to sanction the Street Scheme known as Scheme No. XVI (Diamond Harbour Road Widening—Kidderpore Bridge to Sterndale Road) which has been submitted to them by the Board of Trustees for the Improvement of Calcutta under section 47 of the said Act.

2. A description of the scheme is given below:—

The scheme provides for the diversion of the northern end of the Diamond Harbour Road and the widening of the road as far as Sterndale Road: Garden Reach Circular Road within the area of the scheme is also widened by setting back the southern side. The scheme also provides for the construction of subsidiary roads between the Diamond Harbour Road and Garden Reach Circular Road. The scheme provides for the acquisition of the land shewn within the blue verge on the plan of the scheme and described in the accompanying list. The land not required for roads will be relaid out in building plots. If any plot is formed out of land in one ownership the owner will have the option of exempting it from acquisition under section 78. It is also the intention of the Board to arrange that where a plot is formed principally out of land in one ownership such owner shall have the opportunity of acquiring or retaining the new plot: where a masonry dwelling house is demolished the owner will be given the opportunity of retaining a building site in the immediate neighbourhood.

It is proposed in the first place to break up the existing road surface take up all the existing kerbing and guttering, small water mains, gas mains, sewers, street gullies, ground hydrants, stand-posts and sewer connections, etc., which cannot be utilized in their existing positions and relay the area with new water pipes, stone kerbing and guttering, etc., etc.

The Diamond Harbour Road and Circular Garden Reach Road will be 84 feet wide with 54 feet roadway and 15 feet footpath on each side. The new 84 feet and 40 feet roads will be provided with 54 feet and 24 feet roadway and 15 feet and 8 feet footpath on each side respectively. The 24 feet and 20 feet roads will have 18 feet roadway and 6 feet and 2 feet footpath on one side only.

It is proposed to construct the Diamond Harbour Road, the Circular Garden Reach Road and the new 84 feet road with 2 inches asphaltum on 9 inches lime concrete foundation. The other 40 feet and 24 feet, 20 feet and 12 feet roads will be of ordinary brick macadam, 10 inches thick, on single brick soling. The footpaths of Diamond Harbour Road, the Circular Garden Reach Road and the new 84 feet road will be fully paved with 2 inches thick stone slabs or Indian patent stone bedded on lime concrete foundation. The footpaths of other 40 feet, 24 feet and 20 feet roads will also be of brick khoa.

To avoid long leadings for house connections one 4 inches main for filtered and one 6 inches main for unfiltered water supply have been provided on each side of the footpath of the Diamond Harbour Road, the Circular Garden Reach Road and the new 84 feet road. In the 40 feet, 24 feet, 20 feet and 12 feet roads one 4 inches main for filtered and one 6 inches main for unfiltered water supply have been provided in the roadway. The required number of stand-posts, ground hydrants, sluice valves and junctions, etc., have also been provided, utilizing the old ones as far as possible.

The existing brick sewers in Circular Garden Reach Road and Komedan Bagan Road and the existing pipe sewers in Diamond Harbour Road which do not come under the footpath have not been disturbed, but all the sewer connections between the existing street gullies and properties have been taken up and relaid with new pipe connections. All the existing street gullies, manholes, master traps, yard gullies will be broken up and reconstructed in their new positions. New s. w. pipe sewers have been provided in the 84 feet, 40 feet, 24 feet, 20 feet and 12 feet roads.

For the proper lighting of the roads provision has been made for relaying the mains that will be recovered from the existing roads. The required number of new lamps with C. I. columns, etc., have also been provided in the estimate, utilising the old lamps as far as possible.

The Electric Supply cables and poles, Bengal Telephone lines and telegraph wires and poles will be taken up where necessary and fixed in their new positions,

The Diamond Harbour Road, the Circular Garden Reach Road and the new 84 feet road will be planted with trees on both sides in usual manner.

Provision has been made in this estimate for tank filling and land raising within the scheme, surface water drainage and the relaying of the existing tram tracks.

The estimated expenditure on the scheme is as follows :—

	Rs.
Cost of acquisition of land	32,00,000
Receipts from sale of land and exemption fees ...	23,50,000
Net cost of land	8,50,000

BENGAL PILOT SERVICE.**Rules for the appointment of candidates to the Bengal Pilot Service.**

Appointments to the Bengal Pilot Service are made by the Government of Bengal and by the Secretary of State for India in the following manner:—

A.—APPOINTMENTS BY THE GOVERNMENT OF BENGAL.

1. The appointments made by the Government of Bengal are ordinarily limited to natives of India. For the purpose of this rule a native of India

means any person born and domiciled within the dominions of His Majesty in India, or within the territories of Indian Princes tributary to, or in alliance with, His Majesty, or parents habitually resident in India, and not established there for temporary purposes only.

2. In any year in which it is proposed to make appointments locally to the Bengal Pilot Service, a competitive examination will be held in or about the month of March, and six months' previous notice of the examination will be published in the *Calcutta Gazette* specifying the number of vacancies to be filled up. The successful candidates will be appointed in order of merit; but no candidate will be appointed who does not satisfy the examiners or who, in other respects, does not come up to the requirements of the following rules.

3. A candidate must produce satisfactory evidence to show that—

- (i) he is not less than 18 or more than 22 years of age on the date of the examination: Provided that an intending candidate, who, on the 15th of March of any year in which no examination is held, is not more than 22 years of age and has fulfilled the conditions of service required, shall not be debarred on account of being over the prescribed age from appearing at the next examination;
- (ii) he has passed the Matriculation Examination of an Indian University, or the Cambridge Junior Certificate Examination, or some other public examination regarded as equivalent, or, in the alternative, attended a recognized school, and was, at the date of leaving school, a member of the class preparing for such examination;
- (iii) he has served at sea for four years in a merchant vessel employed in foreign trade as a seaman or apprentice, and his conduct on board has been satisfactory;
- (iv) he is of good health and physically fit to work as a pilot and is of good moral character.

4. Candidates will be examined in Navigation and Seamanship up to the standard of a second mate in the Mercantile Marine, and successful candidates will, before being appointed, have to undergo a further medical examination as to their physical fitness by the Medical Board sitting at Calcutta.

B.—APPOINTMENTS BY THE SECRETARY OF STATE.

1. The Government of Bengal will use every endeavour to ascertain the existence of suitable local candidates before asking the Secretary of State to make appointments in England.

2. In the case of appointments made by the Secretary of State preference will be given, *ceteris paribus*, to candidates who have passed through one of the training ships, *Worcester* and *Conway*, or at the Pangbourne Nautical College, followed by a course on a sea-going training ship or in the Royal Naval Reserve, or both.

3. Candidates for the Secretary of State's appointments must be not less than 18 and not more than 22 years of age.

4. Every candidate must produce satisfactory evidence as to age and character, and selected candidates are required to appear before the Medical Board at the India Office for examination as to their physical fitness for the work of a pilot in a tropical climate.

5. A selected candidate, if passed by the Medical Board, will receive a first class passage to Calcutta and an outfit allowance of £30. If he resigns or leaves the service before he has served five years, he will be required to refund the cost of his passage to India and the outfit allowance, unless his resignation is due to ill-health certified by the Medical Board sitting at Calcutta. He will have to give an undertaking with two sureties for such refund.

An applicant for a motor-cab driver's licence shall before receiving such licence, satisfy the Commissioner that he is acquainted with the principal places and streets in and around Calcutta and Howrah, that he has a thorough knowledge of the prescribed rates for hire and that he is in all respects a fit person to be the driver of a motor-cab.

6. The driver of a motor-cab shall wear at all times when on duty—

(a) a uniform prescribed by the Commissioner which he shall keep neat, clean and serviceable, and

(b) a metal badge bearing his number in a conspicuous position.

The badge shall be supplied free of cost and shall remain the property of the Commissioner. The driver shall not allow it to be defaced or to be used by any other person under any circumstances whatever, and shall surrender it to the Commissioner, if his licence expires or is suspended or is cancelled. Duplicate badges shall be supplied at the rate of two rupees each.

7. The owner or person in possession of a motor-cab the driver of which contravenes rule 6, shall also be deemed to have contravened the said rule.

8. No person other than the actual driver shall be employed on a motor-cab as an attendant or otherwise.

9. (1) No motor car shall be used as a motor-cab unless it is fitted with an approved taxi-meter or other mechanical device for automatically and visibly registering on each occasion the fare to be charged according to the rates for distance or time or a combination of distance and time. The taxi-meter must be fitted to and operated from a "non-driving wheel". Every taxi-meter when in use shall be locked and sealed, so that it may not be tampered with.

(2) Every taxi-meter shall be fitted with an indicator or handle in the form of a flag on which shall be printed the words "for hire". The taxi-meter shall be so constructed that when the indicator is vertical the taxi-meter shall be out of action. Such indicator shall be so placed as to be clearly visible to any person outside of and in front of the vehicle, and to the hirer when inside.

(3) The vertical position of the indicator shall indicate that the vehicle is available for hire, and no driver shall without reasonable excuse refuse to accept a fare when the indicator is in the vertical position.

(4) Any owner, driver, attendant or other person who shall break or tamper in any way with the seal placed on the taxi-meter, or who shall, with intent to deceive, tamper with the taxi-meter or the driving mechanism thereof, shall be deemed to have committed a breach of this rule.

(4) No taxi-meter which is in any way defective shall be used upon a motor-cab.

(5) No flexible or driving gears except such as are approved by the Commissioner may be used, and they must be so affixed that no part of the cable, etc., can be readily reached by an unauthorized person. All connections must be so made as to be capable of being sealed in an approved manner to prevent improper removal.

(6) The owner of a motor-cab of which the registration has expired or been cancelled shall forthwith either detach the taxi-meter, notifying the Commissioner in writing to that effect, or produce the motor-cab for renewal of the registration.

11. Every taxi-meter referred to in rule 9 shall after it is affixed to a motor-cab, whether for the first time or after repair or other readjustment, be submitted to the Commissioner or to such officer as he may empower in this behalf for the purpose of examination as to correctness of fittings, and of subjection to a practical road-test over a measured distance of one mile and a time-test of not less than half an hour. If found to be correct, the taxi-meter and its fittings shall then be sealed to the motor-cab in such a manner that it cannot be removed or tampered with without the seals being broken or removed.

12. Every taxi-meter shall, at the end of each period of six months (the first of such periods commencing from the date of the test referred to in rule 11), be submitted to a test similar to that prescribed by rule 11 :

Provided that every taxi-meter shall, at any time, if so required by the Commissioner, be submitted to him or to such officer as he may empower in this behalf, for the purpose of undergoing such test or any portion thereof.

13. The owner of every motor-cab shall cause to be kept in the cab, for the inspection of the public, a register in which the testing officer referred to in rule 11 shall, after each of the tests prescribed in rules 11 and 12, enter the date and result of such test.

16. The driver of every motor-cab shall, as soon as he is hired and not before, set the taxi-meter in motion, and upon the termination of the hiring shall immediately stop the same. If he neglects or fails to do so, he shall be deemed to have committed a breach of this rule:

Provided that in the event of a motor-cab whilst hired being unable to proceed from any accident, mechanical derangement or tyre failure, either temporarily or otherwise, the driver shall at once stop the mechanism of the taxi-meter as against the hirer, and shall not re-start the same until such time as he is able to proceed. The hirer shall be liable to pay the fare up to the time of the stoppage.

17. A driver of a motor-cab shall, in the absence of reasonable cause to the contrary, proceed to the destination named by the hirer and by the shortest and quickest route.

18. The brakes of a motor-cab shall be so affixed as to be capable of easy application. At least one brake shall be so made as to be applied by the foot of the driver, and at least one shall act directly upon the road wheels.

21. The wheel-tracks of the front and the rear wheels shall, so far as possible, coincide (*i.e.*, the wheel-track of the rear wheels must be the same as the wheel-track of the front wheels); and in no case shall the width of the front wheel-track be less than that of the rear wheel-track or the wheel-tracks vary by more than $2\frac{1}{2}$ per cent. of the width.

22. All the underparts of a motor-cab inside the pivots of the front axle and steering arms (which must be placed as near as possible to the road wheels), as far back at least as the rear axle, must clear the ground at least 10 inches, sufficient allowance in addition being made to provide for the wear of the tyres, set of springs and other causes of lessened height, so that the minimum clearance of 10 inches is at all times maintained.

23. It shall be the duty of the owner to see that all parts of the mechanism of the car are periodically inspected and kept in proper working order, and a register shall be kept of such inspections in a convenient form giving such particulars as the Commissioner may prescribe. This register shall be open at any reasonable time to the inspection of the Commissioner or any person duly authorized by him in that behalf. Any failure to maintain this register or to produce it when called for by lawful authority shall be deemed to be a breach of this rule.

24. In every motor-cab the machinery shall be so constructed that no undue noise or vibration is caused, and shall be maintained in such condition at all times.

25. Carburetters must not, in any motor-cab, be placed in close proximity to magnetos or to connection of wires carrying an electric current, unless such magnetos and wire-connections are respectively screened off or encased in a suitable manner.

26. A second tap shall be provided between the tank and the carburetter, and shall be so fixed that it can be shut off or turned from the exterior of the car. Every motor-cab shall also carry some particular form of efficient fire-extinguisher.

27. No oil shall be allowed to drop upon the roadway, and where a tray or undershield is fixed below the mechanism of the car for the purpose of preventing this or for any other purpose, such tray or under-shield shall be so placed or constructed that no petrol from the tank, supply pipe or carburetter can collect therein.

28. Tanks for petrol must be so placed that any overflow shall not fall on or soak into cushions, upholstery or floor mats in or about the body and the filling nozzle shall be brought to and permanently fixed to some point outside the body. No petrol shall be poured into the tank whilst the

engine is running or whilst any lamp other than an electric lamp is burning in or on any portion of the car.

29. Effective means shall be provided in every motor-cab for preventing the heat of the motor or of the exhaust pipe connections from injuriously affecting other parts of the motor-cab or interfering with the comfort of passengers. All wires carrying electric current must be properly insulated and protected from injury, and so placed that they cannot be a source of danger.

30. The outlet from the silencer shall not, in any motor-cab, be so placed as to project the exhaust directly on to the road, or be so placed or directed as to alarm horses that may be immediately behind the cab.

31. Every motor-cab shall have at least one driving wheel fitted with an approved means of preventing or limiting side slip, and shall carry at least one spare inflated tyre and rim or other approved device which can, if necessary, be quickly fitted to any wheel.

32. Every motor-cab shall be provided with adequate means for the conveyance of a reasonable quantity of luggage, and with a sufficient number of chains, straps or other means of securing such luggage. No luggage shall be carried on the roof of the cab, unless there has been affixed thereto a guard rail of a type approved by the Commissioner or by such officer as he may empower in this behalf.

Minister in charge: The Hon'ble Sir S. N. Banarji, Kt.

No. 3909L.S.-G.—*The 22nd August 1921.*—In exercise of the powers conferred by section 15 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Government of Bengal (Ministry of Local Self-Government) are pleased to lay down the following rules in supersession of rules 19 to 25 and form C of the rules and forms for the conduct of elections of Commissioners of municipalities published under notification No. 4345M., dated the 21st November 1896. The subsequent rules shall be renumbered accordingly.

Rules.

19. The Commissioners at a meeting shall appoint a polling officer who is not himself a candidate for election to preside at the election for each ward, or, in the case of a municipality not divided into wards, at each polling centre. If the polling officer for any reason fail to attend, the Chairman shall appoint another fit and proper person, who is not himself a candidate for election, to take his place. The polling officer shall be assisted by a committee, hereinafter referred to as the election committee, consisting of not less than three and not more than five ratepayers of the ward, nominated by the Commissioners at a meeting and not themselves candidates for election. If any member of such committee fail to attend, his place may be taken by another ratepayer, not being himself a candidate for election, selected by the polling officer.

20. On the morning of the election day the polling officer shall be supplied with a sealed ballot box provided with an aperture for receipt of voting papers, a copy of Register A, and a bound book or books of voting papers serially numbered in foil and counterfoil, one voting paper for each voter entered in Register A.

21. (1) The voting paper shall be printed in Bengali or English or both, in form C annexed to these rules, and shall contain the names of all the candidates in alphabetical order.

(2) The name of any candidate, who may have withdrawn his candidature shall be removed by the polling officer on receipt of intimation of withdrawal in writing.

22. (1) On the day of the election the polling officer shall admit to the polling booth or room the candidates and such agents as may be selected by the candidates to assist in the identification of voters, provided that there shall be present at one time, in addition to the candidates, not more than one agent of each candidate.

(2) Besides candidates and their agents, only voters and such persons (if any) as may be admissible under special directions given by the polling officer shall be admitted to the polling booth or room.

23. The candidates and their agents shall not speak to or address any intending voter in the polling booth or room, but may submit to the polling officer objections to a voter on the following three grounds:—

First—That his name is not on the list of voters of the ward in respect of which the election is being held.

Second—That his claim to be a certain voter shown on the list of voters is false.

Third—That he has already voted.

24. The procedure for recording each voter's vote shall be as follows :—

- (i) There shall be no voting by proxy.
- (ii) As each intending voter enters the polling booth or room, his name and his number in the election roll shall be called out so that everybody present can hear them.
- (iii) No objection to a voter shall be entertained except on the grounds mentioned in rule 23.
- (iv) Such objection shall be summarily decided by the polling officer, who may for this purpose obtain such evidence as may be available on the spot.
- (v) If after taking such evidence the polling officer is satisfied that the voter is entitled to vote, he shall hand him the foil of a voting paper and allow him to proceed to vote.
- (vi) The number of the voter in the election roll shall be marked on the counterfoil of the voting paper.
- (vii) The voter on receiving the voting paper shall forthwith proceed to the place set apart for the purpose, and there mark a cross for each vote that he gives against the name of the candidate or candidates for whom he intends to vote. He shall then fold the voting paper so as to conceal his vote and shall put the voting paper, so folded up, into the ballot box. He shall vote without undue delay, and shall quit the polling station as soon as he has put the voting paper into the ballot box.
- (viii) If the voter is unable to read the voting paper, or to make a cross thereon, the polling officer shall mark the vote on the voting paper according to the direction of the voter. The voter shall then put the voting paper folded up into the ballot box.

25. It shall be the duty of the polling officer and the election committee to see that votes are recorded with the utmost secrecy, that only such persons as may be admitted to the polling booth or room under these rules are admitted thereto, and that persons, who have recorded their votes, or against whom objections have been heard and disposed of, leave immediately. It shall also be their duty to see that these rules and any special directions given by the polling officer thereunder are strictly observed.

26. On the conclusion of the poll the ballot box shall be opened and the votes counted in the presence of the candidates or their agents by the polling officer with the assistance of the election committee, and the polling officer shall then and there declare the result of the election and report accordingly to the Chairman, if he is not himself the Chairman.

He shall also seal up the book of counterfoils and unused foils of voting papers and, if he is not himself the Chairman, make it over to the Chairman, who shall keep it sealed in his own custody till it is destroyed under rule 31.

27. Any voting paper which is not duly marked, or on which more than one cross is placed against any candidate's name, or on which votes are given to more candidates than there are vacancies, or on which a cross (or mark) is placed in such manner as to make it doubtful to which candidate it has been given or on which any mark is made by which the voter may afterwards be identified, shall be invalid.

28. If there be an equality of votes for the same vacancy, and if the number of vacancies does not admit of all the candidates who have obtained an equality of votes being elected, the selection of one of the candidates shall be made by lot to be drawn by the polling officer in such manner as he may determine.

29. In the event of any candidate being elected for more than one ward, he shall, within five days from the date of the election, declare which ward he will represent; and if he fails to make such declaration, the Chairman shall forthwith declare the ward which such candidate shall represent, and in either case such candidate shall be held to be elected in the ward in respect of which either of such declaration has been made, and in every other ward in which the said candidate has been returned, the result of the election shall be determined as if no votes had been recorded for him:

Provided that, if there is no other candidate for whom votes have been recorded to fill the vacancy thus caused, a fresh election shall be held.

30. When the voting papers have been scrutinized and counted, they shall forthwith be replaced in the ballot box from which they were taken, and the box, after being locked and sealed with the municipal seal, shall be kept by the Chairman in safe custody.

31. On the expiry of fifteen days from the date of the declaration of the result of the election, the voting papers in the ballot box and the sealed book containing unused voting papers and counterfoils in the Chairman's custody shall be destroyed in the presence of such Municipal Commissioner or officer as the Commissioners at a meeting may appoint for this purpose.

No. 3173 P.H.—The 30th September 1921.—In exercise of the powers conferred by section 35 of the Bengal Agricultural and Sanitary Improvement Act, 1920 (Bengal Act VI of 1920), the Government of Bengal (Ministry of Local Self-Government) are pleased to make the following rules:—

Rules.

1. For the purpose of determining the cost of a work as defined in section 2, clause (2) (e), interest, if charged, shall be calculated—

(a) in the case of a recoverable deposit or advance made by a local authority or person, at such rates and from and to such dates as may be prescribed for a loan taken from Government under the Local Authorities Loans Act, 1914 (IX of 1914) or the Land Improvement Loans Act, 1883 (XIX of 1883), respectively, so far as may be practicable, as if it were such a loan;

(b) in the case of a recoverable advance made direct by Government without recourse either to the Local Authorities Loans Act, 1914 (IX of 1914), or the Land Improvement Loans Act, 1883 (XIX of 1883), at such rate, not exceeding that charged for loans under those Acts, as may be fixed by Government from the first day of the following year till the end of the period fixed by Government for the complete repayment of the advance. No interest, other than interest leviable under the Bengal Public Demands Recovery Act, 1913, shall be charged on overdue instalments.

2. If the estimated cost of the work involved in a scheme exceeds Rs. 50,000, such scheme shall be deemed to be a major scheme.

3. The Collector may certify after consulting the Superintending Engineer through the Executive Engineer under sub-clause (iii) of clause (7) of section 2 that a scheme which affects any other scheme or a tidal or other important river, Government canal, public embankment or railway should be treated as a major scheme although the total estimated cost does not exceed the limit prescribed in rule 2.

Provided that if the Collector disagrees with the Superintending Engineer, he shall refer the matter to the Local Government for orders and shall certify the scheme in accordance with such orders.

4. The notice under section 6 shall be in the form given in schedule A and shall be published in the manner laid down in rule 19.

5. In minor schemes the Collector shall, as soon as possible after the expiry of the period fixed by the notice published under section 6, fix a date and place for considering the objections or suggestions received in regard to such scheme and shall inform the persons making the objections or suggestions as well as the applicant accordingly. It shall not be necessary for the Collector to record statements of witnesses in detail, but the Collector shall make such brief memorandum of evidence as he may deem necessary.

6. When a minor scheme is accepted by the Collector under clause (b) of sub-section (1) of section 8 or when a major scheme is accepted by the Committee under section 10, the Collector or the Committee shall at the same time determine—

(1) how the work is to be financed, i.e.,—

(a) whether the working cost should be advanced in the first instance by the applicant; or

(b) whether, after reference to the Local Government or a local authority, the cost may be advanced by the Local Government, local authority or jointly between them; or

(c) whether the cost should be provided for partly under (a) and partly under (b); and

(2) how the total cost should be distributed, i.e., what proportion of the cost shall be ultimately met by (a) the applicant, (b) the Local Government, (c) any local authority, and (d) the landlords and tenants collectively of the local area.

Provided that no local authority shall be called upon to advance or meet the cost or any portion thereof unless such local authority is the applicant or has agreed to advance or meet such cost.

N.B.—The cost may be advanced by the applicant or by a local authority, by taking a loan from Government under the Land Improvement Loans Act, 1883 (XIX of 1883), or the Local Authorities Loans Act, 1914 (IX of 1914), as the case may be.

7. (1) The Committee appointed under section 9 shall consist of not less than ten members, excluding the Collector, of whom at least half shall be selected by the District Board and other local authorities concerned from amongst themselves, and the remainder shall be representatives of the land-owning and cultivating interests of the local area to which the scheme relates:

Provided that the Commissioner may add representatives of other interests, *e.g.*, a railway, if involved in the scheme:

Provided also that if the District Board or other local authorities do not select the number of representatives allotted to them by the Commissioner, the Commissioner shall fill up the vacancy or vacancies in such manner as seems to him fit.

(2) Where several local authorities are concerned the Commissioner shall determine how the number of representatives allotted to the District Board and the local authorities shall be distributed amongst those bodies.

8. (1) As soon as possible after the appointment of the Committee the Collector shall fix a date and place for the meeting of the Committee and inform the members as well as the persons making the objections and suggestions and the applicant accordingly.

(2) At least ten days' notice of all meetings (except adjourned meetings) shall be given to every member.

(3) No business shall be transacted at any meeting unless such meeting has been called by the Chairman nor unless a quorum shall be present.

(4) A quorum shall be a number being not less than one-third of the entire number of members.

(5) If, at the time appointed for a meeting, or within half an hour thereafter, a quorum is not present, the meeting shall stand adjourned to some future day to be appointed by the President and three days' notice of such adjourned meeting shall be given. The members present at such adjourned meeting shall form a quorum, whatever their number may be.

(6) The Chairman shall preside at every meeting of the Committee, but in case of his absence at the time of holding a meeting the members present may choose one of their number to be President of such meeting.

(7) It shall not be necessary for the Committee to record statements of witnesses in detail, but it shall cause to be made such brief memorandum of evidence as it may deem necessary.

(8) Questions at any meeting of the Committee shall be determined by a majority of votes of the members present: and in case of an equal division, the opinion of the Chairman shall prevail.

9. The map to be submitted by the Engineer under section 17, clause (b), shall ordinarily be to a scale of one inch to the mile and shall show the extent of the area benefited where recovery is to be effected from the landlords and tenants of that area. It shall also show in different colours, so far as possible, the degree of benefit derived or estimated to be derived by the different parts of the area, if there is a substantial difference in such degree of benefit. For this purpose there shall not ordinarily be more than four degrees of benefit in the classification of land, such as 16 annas, 12 annas, 8 annas and 4 annas.

10. The map referred to in section 18, sub-section (2), shall be published at the same time that the order of apportionment under section 18, sub-section (1), clause (iii), is published by keeping a copy of the same open for public inspection for a period of not less than 30 days in the office of the Collector or the Subdivisional Officer, as may be found convenient, and of the District Board or other local authority concerned. The fact of such publication shall be also notified along with the publication of the said order of apportionment.

11. In apportioning the share of cost under section 18, sub-section (1), clause (iii), the Collector shall determine—

- (1) Whether and, if so, how the total cost recoverable from landlords and tenants shall be allocated over the different areas as may have been classified according to the degree of benefit on the map referred to in rule 9.
- (2) What proportion of the cost shall be borne by the raiyats taken together and what by the landlords of all grades together. For this purpose a landlord in *khas* possession of any land shall be treated both as landlord and raiyat.
- (3) What should be the basis of the apportionment. Area shall ordinarily be adopted as a basis if a record-of-rights has been prepared or revised; but the apportionment may be made on the basis of cess payable under the Cess Act, 1880, or on the profits of landlords or on the chaukidari tax under the Village Chaukidari Act, 1870, or on the union rate under the Bengal Village Self-Government Act, 1919, or on any other basis where on account of intricate subinfeudation or for any other reason it appears more convenient to adopt such different basis. In the case of non-agricultural lands or premises benefited by a scheme relating to sanitary improvement, the apportionment shall ordinarily be made on the basis of the municipal tax payable in respect of such lands or premises under the Bengal Municipal Act, 1884, or the chaukidari tax under the Village Chaukidari Act, 1870, or the union rate under the Bengal Village Self-Government Act, 1919, as the case may be. In all cases the degree of benefit derived or estimated to be derived shall be borne in mind.
- (4) How the landlords' share shall be divided amongst the different classes of landlords. For this purpose the Collector shall take into consideration the extent of the interest of such landlords in the lands benefited, the rent payable whether it is fixed in perpetuity or not, and, where the tenures are for limited terms of years, the unexpired periods of such terms.

Explanation.—Where the area basis is adopted calculations may be made from the lowest grade upwards where there are several grades of landlords in the following manner:—

- (a) Permanent tenure-holders holding at rents fixed in perpetuity, e.g., patnidars, or rent-free holders shall pay the whole of the landlord's share.
- (b) Other permanent tenure-holders shall pay three-fourths of the landlord's share.
- (c) Temporary tenure-holders shall pay as follows:—
 - (i) In cases where the lease has 16 years or more to run the lessee shall pay three-fourths and his landlord one-fourth of the landlord's share.
 - (ii) In cases where the lease has over two years and under 16 years to run, the lessee shall pay such proportion of three-fourths as the unexpired number of years of his lease bears to 16.
 - (iii) In cases where the lease has 2 years or under to run, the landlord of the lessee shall pay the whole of the landlord's share.
 - (iv) If there is no current lease or no fixed term, the landlord and the lessee shall each pay half the landlord's share.
 - (v) The remaining period of the lease shall be reckoned in each case from the close of the agricultural year in which the statement and particulars referred to in section 18, sub-section (2), are published.

Illustration.—In a case in which the recoverable cost-rate is Rs. 9 per acre and it is decided that the share of the raiyat shall be Rs. 4 and that of the landlord Rs. 5, the rate may be divided as below in two possible cases of subinfeudation:—

CASE I.			CASE II.		
Class.		Amount recoverable per acre.	Class.		Amount recoverable per acre.
		Rs. A.			Rs. A. P.
Proprietor		Nil	Proprietor		2 10 6
Patnidar or rent-free holder		1 4			
Permanent tenure-holder or a temporary tenure-holder with more than 16 years of lease to run		3 12	Temporary tenure-holder with 10 years of lease to run		2 5 6
Raiyat		4 0	Raiyat		4 0 0

- (5) Whether and at what rates the under-raiyats of any class shall pay for the benefit to their lands. Ordinarily raiyats or under-raiyats shall not be charged for any land in which they have no right of occupancy.
- (6) What minimum charges shall be borne by the landlords and tenants individually.
- (7) Whether and under what conditions instalments may be allowed for recovery of cost. There shall not be more than one instalment in any one year and the number of instalments in any case shall not ordinarily exceed three, unless the total rate payable by the landlords and tenants exceeds Rs. 10 per acre, *e.g.*, if under the specimen apportionment order given in schedule D the landlords or raiyats were liable to pay more than Rs. 5 per acre, provided also that the rate payable annually by either landlords or tenants shall not exceed Rs. 3 per acre.

12. The Collector's decision on the matters referred to in rule 11 shall be embodied in the order of apportionment which shall then be published under section 18, sub-section (2), together with the statements of total cost and of its distribution prepared under section 18, sub-section (1), clauses (i) and (ii), in the manner laid down in rule 19.

13. Specimen statements showing the calculation of the total cost of a work, the distribution of the same and the method of working out the cost-rates in a given case, and a specimen order of apportionment are given in schedule D.

14. The detailed statement under section 19 shall be published in every village of the local area by affixing in a conspicuous place a copy of the statement or of such portion of it as relates to that village, and the fact of such publication shall be proclaimed by beat of drum in the village. A specimen statement is given in schedule E.

A general notice in the form in schedule C shall at the same time be published in the manner prescribed for publication of general notices in rule 19.

15. (1) The recovery of costs shall be made when the Collector has confirmed the detailed apportionment statement under section 21 or when not less than one month has elapsed after the commencement of the final publication of the record-of-rights, if any, prepared or revised under section 13, whichever date is later.

(2) Copies of any record-of-rights prepared or revised shall be distributed at the time of recovery amongst the landlords and tenants according to the rules for the preparation of record-of-rights under the Bengal Tenancy Act. A complete copy shall also be supplied to the applicant if he does not otherwise get such copy.

(3) Recovery shall be made directly from the landlords and tenants, and general notices shall first be served upon a whole village or other convenient area stating the date on which and the place at which payments will be received and copies of record-of-rights distributed.

(4) The isolated sums due from large landlords shall so far as possible be brought together in one account which shall be sent to the assessee together with a notice fixing a day before which payment shall be made.

(5) Notwithstanding anything in the order of apportionment, the Collector may, in the case of a large demand whether from a landlord or tenant or to prevent hardship in any particular case, allow reasonable instalments for payment.

(6) If the sum due from a landlord or tenant is not paid and no satisfactory explanation is forthcoming, it should be recovered by the procedure under the Bengal Public Demands Recovery Act, 1921.

(7) If before the amounts are collected a landlord or tenant dies or transfers or abandons his estate or tenancy or any part thereof, recovery may be made from the person in possession of the former holder's interest.

(8) The same procedure for recovery from landlords and tenants shall be adopted whether the advance sought to be recouped has been made by the Local Government or a local authority or persons.

16. Before any lands or works can vest in any local authority or person under section 29, such local authority or person must execute a registered agreement accepting the following conditions:—

- (1) That the land taken or acquired permanently under the Act for the purpose of a scheme and any work constructed under the Act shall be held by the local authority or person for the purposes of the said scheme.
- (2) That should the said lands or works at any time cease for a number of consecutive months specified in the agreement to be held and used or cease to be required for the purposes of the scheme or should the maintenance of the said lands or works or any water-channels, embankments and dams included within the scheme, whether reconstructed, cleared, altered, enlarged excavated or cut under the Act or not, be neglected for a number of consecutive months specified in the agreement or if it is desirable in the public interests that such maintenance should be undertaken by the Local Government, of which notice shall be duly given, the Local Government may summarily enter upon and take possession of the said lands, works, etc., and thereupon the interest of the local authority or person in the said lands, works, etc., shall absolutely cease and determine or shall cease and determine for a specified period which shall be mentioned in the notice.
- (3) That the local authority shall refund to the Local Government (i) the capitalised cost of the maintenance of the work as included in the cost of the scheme if the Local Government takes possession permanently, or (ii) the cost of the maintenance of the work as included in the scheme for the period if the Local Government takes possession for a specified period.
- (4) The said cost of maintenance shall be recoverable under the Bengal Public Demands Recovery Act, III of 1913.
- (5) That during the period of maintenance all profits of the scheme shall be credited to Government.

17. It shall be competent for the Collector to inspect or cause to be inspected at any time any work of which the responsibility for maintenance lies with a local authority or person, and also to enquire into any action taken for such maintenance by such local authority or person.

18. (1) When the Local Government maintain a work executed under this Act, recoveries on account of the capitalised cost of maintenance shall be credited to general revenues under an appropriate head; and expenditure shall be met from the budget provision which shall have been previously made for the purpose.

(2) When a local authority or person is responsible for the maintenance of a work, the Local Government shall make over the administration of the sum recovered as the estimated cost of maintenance to such local authority or person.

19. **Service of notice.**—The notices under section 6 (form in schedule A of these rules), the statements and particulars including the order of apportionment, under section 18, sub-section (2), the notice prescribed in rule 11, and other general notices and proclamations shall, except when otherwise specifically provided, be published by affixing a copy in a conspicuous place in every village concerned, the fact of such publication being at the same time proclaimed by beat of drum in such village. A copy of the notice shall also be affixed at the offices of the Collector, the Subdivisional Officer and the District Board or other local authority concerned, and at every Munsif's Court, Registration office and police thana within the limits of which such village is situate.

The figures are as follows:—</p> <table><tr><td></td><td>Rs.</td></tr><tr><td>1917-18</td><td>35,547</td></tr><tr><td>1918-19</td><td>35,030</td></tr><tr><td>1919-20</td><td>...</td></tr><tr><td>1920-21</td><td>35,053</td></tr></table> <p>This expenditure is exclusive of the expenditure which was met from the contributions made by His Highness the Maharaja of Cooh Behar. 2. (a) Each new type of motor-car intended for registration as a motor-cab must be presented at such time and place as the Commissioner may appoint for inspection, together with detailed specifications and drawing to illustrate particulars of construction required by these rules. A preliminary inspection of the chassis may be applied for by the owner.

(b) If, after the type has been approved, defects develop which, in the opinion of the Commissioner, render it unsuitable as a type for public service, the Commissioner may withdraw such approval.

3. The following measurements and requirements for a motor-cab should be adhered to:—

(1) CHASSIS.—The wheel-base must in all cases be so proportioned that skidding or other improper movements shall be as far as possible avoided.

The springs of the chassis must be properly hung, and must be of sufficient strength and flexibility to meet all likely contingencies. Those springs carrying the load must be attached to, or bear upon the back axle, as near to the wheels as possible; the distance between the outsides of the rear springs shall not be less than 40 inches. The front springs must be as wide apart as possible, but not less than 26 inches from outside to outside.

Width of seats.—Not less than 14 inches, and of back seat not less than 16 inches.

Width between seats.—Where the cab is provided with front and back seats the measurement between the front edges of the cushions must not be less than 19 inches.

The space on the near side of the driver shall be fitted with a platform for luggage and also a drop seat.

Hood.—The hood must be of the “one-man” pattern and fitted with approved side screens.

(3) The total overall length of the chassis and body shall not exceed 14 feet, and the extreme breadth shall not exceed 5 feet 9 inches.

4. No person shall be registered as the owner or possessor of a motor-cab unless, in the opinion of the Commissioner, he is a fit and proper person and provides and maintains a suitable garage.

5. An applicant for a motor-cab driver's licence shall before receiving such licence, satisfy the Commissioner that he is acquainted with the principal places and streets in and around Calcutta and Howrah, that he has a thorough knowledge of the prescribed rates for hire and that he is in all respects a fit person to be the driver of a motor-cab.

6. The driver of a motor-cab shall wear at all times when on duty—

- (a) a uniform prescribed by the Commissioner which he shall keep neat, clean and serviceable, and
- (b) a metal badge bearing his number in a conspicuous position.

The badge shall be supplied free of cost and shall remain the property of the Commissioner. The driver shall not allow it to be defaced or to be used by any other person under any circumstances whatever, and shall surrender it to the Commissioner, if his licence expires or is suspended or is cancelled. Duplicate badges shall be supplied at the rate of two rupees each.

7. The owner or person in possession of a motor-cab the driver of which contravenes rule 6, shall also be deemed to have contravened the said rule.

8. No person other than the actual driver shall be employed on a motor-cab as an attendant or otherwise.

9. (1) No motor-car shall be used as a motor-cab unless it is fitted with an approved taxi-meter or other mechanical device for automatically and visibly registering on each occasion the fare to be charged according to the rates for distance or time or a combination of distance and time. The taxi-meter must be fitted to and operated from a "non-driving wheel". Every taxi-meter when in use shall be locked and sealed, so that it may not be tampered with.

(2) Every taxi-meter shall be fitted with an indicator or handle in the form of a flag on which shall be printed the words "for hire". The taxi-meter shall be so constructed that when the indicator is vertical the taxi-meter shall be out of action. Such indicator shall be so placed as to be clearly visible to any person outside of and in front of the vehicle, and to the hirer when inside.

(3) The vertical position of the indicator shall indicate that the vehicle is available for hire, and no driver shall without reasonable excuse refuse to accept a fare when the indicator is in the vertical position.

(4) Any owner, driver, attendant or other person who shall break or tamper in any way with the seal placed on the taxi-meter, or who shall, with intent to deceive, tamper with the taxi-meter or the driving mechanism thereof, shall be deemed to have committed a breach of this rule.

10. (1) No taxi-meter which has not been approved by the Commissioner shall be affixed to a motor-cab.

(2) Taxi-meters are only to be fitted in such positions and in such manner as may be approved by the Commissioner, the positions and manner to be determined by the construction of the motor-cab.

(3) A taxi-meter shall under no circumstances be used upon a motor-cab in connection with a wheel the circumference of which is different from that for which the meter has been designed, geared and tested.

(4) No taxi-meter which is in any way defective shall be used upon a motor-cab.

(5) No flexible or driving gears except such as are approved by the Commissioner may be used, and they must be so affixed that no part of the cable; etc., can be readily reached by an unauthorized person. All connections must be so made as to be capable of being sealed in an approved manner to prevent improper removal.

(6) The owner of a motor-cab of which the registration has expired or been cancelled shall forthwith either detach the taxi-meter, notifying the Commissioner in writing to that effect, or produce the motor-cab for renewal of the registration.

11. Every taxi-meter referred to in rule 9 shall, after it is affixed to a motor-cab, whether for the first time or after repair or other readjustment, be submitted to the Commissioner or to such officer as he may empower in this behalf for the purpose of examination as to correctness of fittings, and of subjection to a practical road-test over a measured distance of one mile and a time-test of not less than half an hour. If found to be correct, the taxi-meter and its fittings shall then be sealed to the motor-cab in such a manner that it cannot be removed or tampered with without the seals being broken or removed.

12. Every taxi-meter shall, at the end of each period of six months (the first of such periods commencing from the date of the test referred to in rule 11), be submitted to a test similar to that prescribed by rule 11 :

Provided that every taxi-meter shall, at any time, if so required by the Commissioner, be submitted to him or to such officer as he may empower in this behalf, for the purpose of undergoing such test or any portion thereof.

13. The owner of every motor-cab shall cause to be kept in the cab, for the inspection of the public, a register in which the testing officer referred to in rule 11 shall, after each of the tests prescribed in rules 11 and 12, enter the date and result of such test.

14. Every motor-cab shall be provided with a light so placed as to illuminate the taxi-meter at night.

15. In every motor-cab there shall be available for the inspection of hirer a list of rates, and the fare charged for the hire of the motor-cab shall not exceed the maximum fare calculated according to the scale of such of the said rates as may be applicable.

16. The driver of every motor-cab shall, as soon as he is hired and not before, set the taxi-meter in motion, and upon the termination of the hiring shall immediately stop the same. If he neglects or fails to do so, he shall be deemed to have committed a breach of this rule:

Provided that in the event of a motor-cab whilst hired being unable to proceed from any accident, mechanical derangement or tyre failure, either temporarily or otherwise, the driver shall at once stop the mechanism of the taxi-meter as against the hirer, and shall not re-start the same until such time as he is able to proceed. The hirer shall be liable to pay the fare up to the time of the stoppage.

17. A driver of a motor-cab shall, in the absence of reasonable cause to the contrary, proceed to the destination named by the hirer and by the shortest and quickest route.

18. The brakes of a motor-cab shall be so affixed as to be capable of easy application. At least one brake shall be so made as to be applied by the foot of the driver, and at least one shall act directly upon the road wheels.

19. All brake and steering connections secured with bolts shall have such bolts secured with nuts, the same to be locked or pinned.

20. Every motor-cab shall be capable of being readily steered, and able to turn on each lock and to proceed in a contrary direction within a roadway not more than 30 feet wide from kerb to kerb.

21. The wheel-tracks of the front and the rear wheels shall, so far as possible, coincide (*i.e.*, the wheel-track of the rear wheels must be the same as the wheel-track of the front wheels); and in no case shall the width of the front wheel-track be less than that of the rear wheel-track or the wheel-tracks vary by more than $2\frac{1}{2}$ per cent. of the width.

22. All the underparts of a motor-cab inside the pivots of the front axle and steering arms (which must be placed as near as possible to the road wheels), as far back at least as the rear axle, must clear the ground at least 10 inches, sufficient allowance in addition being made to provide for the wear of the tyres, set of springs and other causes of lessened height, so that the minimum clearance of 10 inches is at all times maintained.

23. It shall be the duty of the owner to see that all parts of the mechanism of the car are periodically inspected and kept in proper working order, and a register shall be kept of such inspections in a convenient form giving such particulars as the Commissioner may prescribe. This register shall be open at any reasonable time to the inspection of the Commissioner or any person duly authorized by him in that behalf. Any failure to maintain this register or to produce it when called for by lawful authority shall be deemed to be a breach of this rule.

24. In every motor-cab the machinery shall be so constructed that no undue noise or vibration is caused, and shall be maintained in such condition at all times.

25. Carburetters must not, in any motor-cab, be placed in close proximity to magnetos or to connection of wires carrying an electric current, unless such magnetos and wire-connections are respectively screened off or encased in a suitable manner.

26. A second tap shall be provided between the tank and the carburetter, and shall be so fixed that it can be shut off or turned from the exterior of the car. Every motor-cab shall also carry some particular form of efficient fire-extinguisher.

27. No oil shall be allowed to drop upon the roadway, and where a tray or undershield is fixed below the mechanism of the car for the purpose of preventing this or for any other purpose, such tray or under-shield shall be so placed or constructed that no petrol from the tank, supply pipe or carburetter can collect therein.

28. Tanks for petrol must be so placed that any overflow shall not fall on or soak into cushions, upholstery or floor mats in or about the body and the filling nozzle shall be brought to and permanently fixed to some point outside the body. No petrol shall be poured into the tank whilst the

engine is running or whilst any lamp other than an electric lamp is burning in or on any portion of the car.

29. Effective means shall be provided in every motor-cab for preventing the heat of the motor or of the exhaust pipe connections from injuriously affecting other parts of the motor-cab or interfering with the comfort of passengers. All wires carrying electric current must be properly insulated and protected from injury, and so placed that they cannot be a source of danger.

30. The outlet from the silencer shall not, in any motor-cab, be so placed as to project the exhaust directly on to the road, or be so placed or directed as to alarm horses that may be immediately behind the cab.

31. Every motor-cab shall have at least one driving wheel fitted with an approved means of preventing or limiting side slip, and shall carry at least one spare inflated tyre and rim or other approved device which can, if necessary, be quickly fitted to any wheel.

32. Every motor-cab shall be provided with adequate means for the conveyance of a reasonable quantity of luggage, and with a sufficient number of chains, straps or other means of securing such luggage. No luggage shall be carried on the roof of the cab, unless there has been affixed thereto a guard rail of a type approved by the Commissioner or by such officer as he may empower in this behalf.

33. Where acetylene or other gas is used to light the carriage, the cylinders or vessels which contain the gas or in which it is generated must be fixed outside in such a position as to minimize the danger of accidental ignition.

34. No celluloid or xylonite fittings shall be placed inside or outside any motor-cab :

Provided that this rule shall not apply to the side curtains and hood ; and the accumulators contained in such cab if suitably boxed.

35. No printed, written or other such matter except particulars required by these rules shall appear on the outside or inside of a motor-cab or be carried by way of advertisement. The number of every motor-cab shall be shown clearly on the inside of the cab in an approved manner.

36. The cushions of the seats in every motor-cab shall be stuffed and covered with suitable material and provided with clean covers in good condition.

37. All the appointments and furniture of a motor-cab shall be maintained in good order and repair, the paint and varnish in good condition and the inside perfectly clean. The floor shall be covered with a suitable mat.

38. The Commissioner or such officer as he may empower in this behalf may prohibit the use of a motor-cab which in his opinion is unfit to ply for hire by breaking the seals of the meter and notifying the owner.

39. The carrying capacity of all motor-cabs shall be fixed by the licensing officer and shall be shown clearly on the inside of the cab. No motor-cab shall be licensed to carry in the body of the cab more than three passengers, unless it is fitted with front seats facing the back seat, sufficient to accommodate the additional passengers permitted. The space on the near side of the driver may be used for a passenger or luggage at the option of the hirer.

40. The driver of a motor-cab immediately after any hiring shall carefully search for any property accidentally left in it, and shall take the same within 24 hours, if not sooner claimed by the owner, to the nearest police-station.

41. The drivers at motor-cab stands shall observe the following rules, namely :—

NOTIFICATION.

No. 8632A.—*The 19th October 1921.*—The following preliminary Regulations respecting the examination of candidates for the Indian Civil Service to be held in London in August 1922 are published for general information.

J. DONALD,

Chief Secretary

to the Government of Bengal (offg.).

Copies of this form may be obtained on application to the Chief Secretary to the Government of Bengal.

NOTICE.

The Civil Service Commissioners are authorised by the Secretary of State for India in Council to announce that the new age limits for the Indian Civil Service Open Competition in this country, viz., 21 to 23 on the 1st August of the year of competition, will come into force for the Open Competition to be held in 1924. For the Open Competition to be held in August 1921, the age limits will remain as hitherto, viz., 22 to 24 on the 1st August 1921; for the Open Competitions to be held in 1922 and 1923 the age limits will be 21 to 24 on the 1st August of the year of competition, these years constituting a transition period from the old to the new age limits. The rule contained in the appendix to the current regulations, by which a maximum of one year's deduction from actual age is allowed in certain cases on account of war-service, will remain in force for the Competitions of 1922 and 1923.

The probationary course of selected candidates, before proceeding to India, will be extended to two years in the case of all candidates selected on the result of the Open Competition to be held in 1924; and a proportion of the younger candidates selected on the result of the Open Competitions to be held in 1922 and 1923 will also be required to undergo two years' probation in the United Kingdom.

As the scheme and syllabus of the examination as lately revised may be expected to prove well adapted to their purpose under the new age limits it is not intended to make any material change unless experience shows that modification is required; the Regulations are always, however, liable to alteration from year to year.

CIVIL SERVICE COMMISSION,

May, 1921.

INDIAN CIVIL SERVICE.

OPEN COMPETITION OF 1922.

An open Competitive Examination for admission to the Indian Civil Service will be held in London in 1922, the written work commencing on the 1st August, while the *viva voce* test (Subject 6) will be held in July.

The number of persons to be selected at this examination will be announced hereafter.

No person will be admitted to compete from whom the Secretary, Civil Service Commission, has not received on or before the 1st June, 1922, an application on the prescribed form, a copy of which is sent herewith. No allegation that an Application Form or a letter respecting such Form has been lost or delayed in the post will be considered by the Commissioners unless the person making such allegation produces a Post Office Certificate of Posting. Candidates who delay their applications until the last day will do so at their own risk.

Acknowledgments of such Application Form are sent, and any candidate who has filled up and returned the printed Application

Form but has not received an acknowledgement of it within a reasonable time should at once write to the Secretary, Civil Service Commission, Burlington Gardens, London, W. 1. Failure to comply with this provision will deprive the candidate of any claim to consideration.

Candidates will be notified early in June of the date and place fixed for their viva voce test and of the manner in which the fee (£6) is to be paid. The Order for admission to the written part of the examination will be posted early in July to the address given on the Form of Application, and will contain instructions as to the time and place at which candidates are to attend.

The subjects of the open competitive examination will be the same as in 1921. They are shown on next two pages.

The age limits are 21 and 24 on 1st August, 1922, the lower limit thus being a year less than in 1921.

Selected candidates, before proceeding to India, will be on probation some for one year and some for two years, the younger candidates being assigned for two-year probation. The regulations governing the period of probation are under consideration and will be published later, when the full regulations for the competition of August 1922 are ready for issue. It may, however, be stated that Selected Candidates will be required to pass certain educational tests and tests in riding at intervals during and at the end of the period of probation; and that, provided the probation is passed at one of the Universities or Colleges in the United Kingdom approved by the Secretary of State, certain monetary allowances will be made to the Selected Candidates by the Government of India.

35. *Statistics*.—The questions to be set will cover:—

1. Elementary theory of statistics, not depending mainly on the theory of probability nor requiring a knowledge of the calculus—frequency distributions, averages, percentiles, and simple methods of measuring dispersion; graphic methods; elementary treatment of qualitative data, *e.g.*, investigation of association by comparison of ratios, consistency of data; the practice of the simplest graphic and algebraic methods of interpolation.
2. Practical methods used in the analysis and interpretation of statistics of prices, wages and incomes, trade transport, production and consumption, education, etc.; the more elementary methods of dealing with population and vital statistics; miscellaneous methods used in handling statistics of experiments or observations.

APPENDIX II.

EXTRACT FROM THE REGULATIONS AS TO THE PHYSICAL EXAMINATION OF CANDIDATES FOR APPOINTMENTS UNDER THE GOVERNMENT OF INDIA.

[These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service; and that his discretion is in no respect limited by these Regulations.]

N.B.—As regards candidates who have been wounded, a candidate who has lost one hand, fore-arm, or arm, or one leg below the knee might be accepted, but the following classes of wounds must be regarded as disqualifications, viz., (1) Injury to head; (2) Loss of an eye; (3) Loss of leg above or through the knee.

GENERAL PHYSICAL REQUIREMENTS.

I. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

II. In the examination of candidates the Medical Board will apply the following table of correlation of age, height and chest girth:—

Age.	Height without shoes.	CHEST—	
		Girth when expanded.	Range of expansion.
	Inches.	Inches.	Inches.
19 to 20	62½ and under 65	35	2
	65 ditto 68	35	2
	68 ditto 70	35½	2
	70 ditto 72	36	2
	72 and upwards	36½	2½
21 and upwards	62½ and under 65	35	2

	70 ditto 72	36½	2½
	72 and upwards	37	2½

III. **Measurement of height.**—A minimum height of 5 feet 4 inches is imposed. The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks, and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths.

IV. **Measurement of chest.**—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. The maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and maximum will then be recorded.

V. The hearing must be good.

VI. The speech without impediment.

VII. The teeth in good order, i.e., decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth, where necessary for effective mastication.

- VIII. The chest must be well formed, the lungs and heart sound.
- IX. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency, will disqualify a candidate, unless such condition is cured by operation.
- X. The limbs, feet and toes must be well formed and developed, with free and perfect motion of all the joints.
- XI. A candidate must have no congenital malformation or defect likely to interfere with efficiency.
- XII. A candidate must not be the subject of chronic skin disease.
- XIII. Evidence of previous acute or chronic disease pointing to an impaired construction will disqualify.

REGULATIONS AS TO STANDARD OF VISION FOR THE INDIAN POLICE FORCE.

1. Squint, or any morbid condition of the eyes or of the lids of either eye liable to the risk of aggravation or recurrence, will cause the rejection of the candidate.

2. The examination for determining the acuteness of vision includes two tests: one for distant, the other for near vision. The Army Test Types will be used for the test for distant vision, without glasses, except where otherwise stated below, at a distance of 20 feet; and Snellen's Optotypi for the test for near vision, without glasses, at any distance selected by the candidate. Each eye will be examined separately, and the lids must be kept wide open during the test. The candidate must be able to read the tests without hesitation in ordinary daylight.

3. A candidate possessing acuteness of vision, according to one of the standards herein laid down, will not be rejected on account of an error of refraction, provided that the error of refraction, in the following cases does not exceed the limits mentioned, viz.:—(a) in the case of myopia, that the error of refraction does not exceed 2.5 D.; (b) that any correction for astigmatism does not exceed 2.5 D.; and in the case of myopic astigmatism, that the total error of refraction does not exceed 2.5 D.

4. Subject to the foregoing conditions the standards of the minimum acuteness of vision with which a candidate will be accepted are as follows:—

Standard I.

Right Eye.	Left Eye.
Distant vision. V=6-6.	V=6-6.
Near vision. Reads 0.6.	Reads 0.6.

Standard II.

Better Eye.	Worse Eye.
Distant vision. V=6-6.	V, without glasses=not below 6-60; and after correction with glasses=not below 6-24.
Near vision. Reads 0.6.	Reads 1.

Standard III.

Better Eye.	Worse Eye.
Distant vision. V, without glasses=not below 6-24; and after correction with glasses=not below 6-6.	V, without glasses=not below 6-24; and after correction with glasses=not below 6-24.
Near vision=reads 0.8.	Reads 1.

The existence of imperfection of colour senses does not necessarily disqualify, but will be noted on the candidate's papers.

N. B.—In all other respects candidates must come up to the standard of physical requirements laid down for candidates for commission in the Army.

HIGH COURT NOTICE.**ENGLISH DEPARTMENT.***Civil.*

General Letter No. 12, dated Calcutta, the 15th September 1921.

From—N. G. A. EDGLEY, Esq., I.C.S., Registrar of the High Court of Judicature at Fort William in Bengal, Appellate Side,

To—The District Judge of

SUBJECT :—*Cancellation of Rule 30, Chapter III, Volume I of the Court's General Rules and Circular Orders, Civil.*

I AM directed to refer to Rule 30, Chapter III, pages 89-90, Volume I, of the Court's General Rules and Circular Orders, Civil, which provides that an interval of four months should ordinarily be allowed to intervene from the date of decree before the documents filed in a case are returned to the parties who produced them, and that an application for the return of documents within that period should not be complied with without first giving notice of the same to the pleader of the opposite party.

2. It has been represented to the Court that this Rule is inconsistent with Order XIII, Rule 9, of the Code of Civil Procedure, which permits, subject to certain provisos, the return of documents placed on the record, in non-appealable cases, when the case has been disposed of, and in appealable cases, when the Court is satisfied that the time for preferring an appeal has elapsed and that no appeal has been preferred, or, if an appeal has been preferred, when the appeal has been disposed of.

3. After consideration of the matter, the Hon'ble Judges have come to the conclusion that the view represented to them is correct, that Rule 30, Chapter III, Volume I, of the Court's General Rules and Circular Orders, Civil, should be cancelled and that in future the courts should be guided by the provisions of Order XIII, Rule 9, of the Code of Civil Procedure.

4. I am accordingly to invite your attention and that of the courts subordinate to you to those provisions, and to add that in appealable cases when there is any doubt whether an appeal has been preferred or not, the court should, before complying with an application for the return of a document, direct that notice be given to the pleader of the opposite party or take such other steps as it may think proper to satisfy itself that no appeal has been preferred.

5. In accordance with the above decision, Rule 30, Chapter III, Volume I, of the Court's General Rules and Circular Orders, Civil, is hereby cancelled.

COPIES MAY BE OBTAINED ON APPLICATION TO THE CHIEF SECRETARY OF THE PROVINCE WITHIN WHICH THE APPLICANT RESIDES.

A competitive examination for the Indian Civil Service will be held in Allahabad in the months of February and March 1922 or about that time.

Quotas.—The London Civil Service Commissioners, who will conduct the examination, state as their opinion based on a wide experience of examinations for the public services, that it is not possible to hold an examination of so important a nature, in which the qualities and defects of each candidate must be individually studied and appraised, satisfactorily, if the number of examinees exceeds 200. It is thought likely that the number of persons wishing to enter for the examination in India will seriously exceed 200, and the Commissioners have accordingly proposed a system under which provincial Committees will be formed to select from among duly qualified applicants 200 candidates for admission to the examination. This procedure has been accepted by the Secretary of State and the Government of India as the most suitable in the circumstances. The 200 examinees will be made up of quotas from the various provinces according to the following table:—

Assam	5
Bengal	33
Bihar and Orissa	22
Bombay	25
Burma	15
Central Provinces	12
Madras cum Coorg	33
Punjab cum North-West Frontier Province and Delhi	25
United Provinces cum Ajmer-Merwara	30

In each of the Governor's provinces the local Government will appoint a Quota Committee containing a majority of non-official members and adequate representation of universities, which will choose from among the eligible candidates who have made application those to be admitted to the examination. The local Governments concerned will see to the proper representation of Coorg, the North-West Frontier Province, Delhi, and Ajmer-Merwara on the Quota Committees. The decision of the Quota Committee will be final.

Application.—A candidate is allowed to apply to one Quota Committee only, which must be the committee of the province in which his parents reside or resided or in which he has resided three years or more. Residence at a university as a student would not constitute residence for this purpose.

A candidate resident in Coorg must apply to the Madras Quota Committee, a candidate resident in the North-West Frontier Province or Delhi to the Punjab Committee, and a candidate resident in Ajmer-Merwara to the United Provinces Committee.

A candidate resident in an Indian State must apply through his Darbar to the Quota Committee of the province in which he wishes to serve.

The candidate must make application on the prescribed form, which along with this notice may be obtained from the Chief Secretary of any province. The completed Application Form must be sent to the Chief Secretary of the province in which the candidate's Quota Committee will sit in time to reach him on or before 10th December 1921. No application received after that date can be considered.

Nationality.—A candidate must be either a British subject or a ruler or subject of any State in India in respect of whom the Governor-General in Council has made a declaration under section 96-A of the Government of India Act, 1915, as amended by section 3 of the Government of India (Amendment) Act, 1916.

If the candidate (being a British subject) or his father or his mother was not born within His Majesty's dominions and allegiance, the father must at the time of the candidate's birth have been a British subject or the subject of a State in India and still be (or have continued to be until his death) a British subject or a subject of such State.

Age.—A candidate must have attained the age of 21 and must not have attained the age of 23 on 1st August 1922.

Health.—A candidate must be free from disease, constitutional affection, or bodily infirmity unfitting him or likely to unfit him for the Indian Civil Service.

Character.—A candidate must be of good private character.

Degree.—A candidate must hold the Degree of B. A. or B. Sc. of a university incorporated by law in British India or of Mysore University, or the Senior Diploma of Mayo College, Ajmer.

Admission to examination.—For admission to the competitive examination a candidate must be vouched for by a Quota Committee as belonging to their quota.

Warning.—Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for appointment. Spontaneous recommendations from persons who are not themselves acquainted with the candidate's work at school or at the university or otherwise, will be disregarded.

Fees.—A candidate will pay a fee of Rs. 5 with his application form and a candidate chosen for admission to the examination will pay a further fee of Rs. 100.

Appointments.—As a result of this examination 9 appointments will be made, 8 in India and 1 in Burma. Only Burmans are eligible for the appointment in Burma, and they are not eligible for the appointments in India. Candidates must obtain such an aggregate of marks as to satisfy the Civil Service Commissioners.

Nature of examination.—The list of subjects and a syllabus of examination showing their range, is appended.

THE EXAMINATION.

From the marks assigned to candidates in each subject such deduction will be made as the Civil Service Commissioners may consider necessary in order to secure that no credit is allowed for merely superficial knowledge.

In view of the importance of legible handwriting in the public service, deductions which may be of considerable amount will be made from the marks of candidates whose handwriting is not easily legible.

In valuing the work of the candidates the Civil Service Commissioners will give credit for good English in all the 50 subjects of the examination, and not only in subjects 1 and 2 which are specially devoted to the language. Among the qualities of good English may be mentioned orderly, effective and exact expression, combined with due economy of words.

2. Gentlemen, whether European or Indian, who desire to attend the Levee and are eligible to do so by previous presentation at the Court of St. James or at the Viceregal Court, are requested to make their applications to the Military Secretary to His Excellency the Governor of Bengal, Government House, Calcutta, stating in which year and at which Court they had been presented, not later than 28th November 1921. *This applies to both the private and public entrees.* Applications reaching the Military Secretary after this date cannot be considered.

Gentlemen who have not been presented at the Court of St. James or at the Viceregal Court, but who desire to attend the Levee, will be presented by gentlemen who have had the honour of presentation at the Court of St. James or at the Viceregal Court and will submit their applications through them. Direct applications will not be entertained.

3. Gentlemen who propose, and are entitled to, present others should apply to the Military Secretary to His Excellency the Governor of Bengal for a *Form of Presentation* which, after the necessary particulars have been entered thereon, will be returned to the Military Secretary's Office not later than 28th November for submission to His Excellency the Governor, when, if approved, tickets of admission will be issued to the presenter.

4. Gentlemen presenting others must themselves attend the Levee.

5. In the case of Government Officials, or gentlemen engaged in business, the presenter should ordinarily be the head of the department or firm.

6. Admission to Government House will be by tickets only. These will be issued by the Military Secretary to His Excellency the Governor of Bengal as early as possible to those gentlemen other than new presentees whose names are approved by His Excellency the Governor of Bengal for presentation to His Royal Highness the Prince of Wales.

Gentlemen receiving tickets will show them first to the Police at the Gates and secondly will hand them to the Military Secretary to His Royal Highness the Prince of Wales in the Levee Room.

At the Levee, only patent leather boots or shoes of an English pattern are allowed to be worn, except in the case of Indian Military Officers, who wear the particular style of boot or shoe which forms part of their uniform.

Rs. 1,407-3-6.

In addition to the details required on the reverse clear information should be given below under the following heads:—

(a) If the ordinary surplus is insufficient to meet the charges of the proposed loans, the particular steps which the borrowing body has taken or has agreed to take in order to make good the deficiency.

The ordinary surplus, which was actually more than Rs. 11,000 on the 31st March 1921, and which on the last day of the current financial year is expected to be about Rs. 9,000, is sufficient to meet the charges of the proposed as well as existing loans. Thus there will be no difficulty in paying the two instalments of Rs. 1,407-3-6 each for the proposed new loan.

(b) The reserve of taxation or other possible means of increase in the revenue of the local body.

The number of house connections is increasing daily and meters have been introduced and so there is every possibility of getting at least Rs. 2,000 from this head from the next year, if not from the current. The rents of holdings have increased much, and so there will be a considerable increase in the demand at the next revised assessment which will be given effect to from the 1st April 1925.

(c) A statement of all outstanding loans as well as the annual charges involved on this account.

Outstanding balance on 31st May 1921 of the several loans taken from Government amounted to Rs. 1,50,008-5-10.

Annual charges on account of principal and interest of loans are as follows:—

Loans of—

Rs.	
1,12,000 ...	Rs. 8,188-7-8 in two instalments up to 1st February 1933.
63,000 ...	Rs. 4,605-15-10 in two instalments up to 15th May 1934.
30,000 ...	Rs. 4,032-15-4 in two instalments up to 1st October 1929.

The balance will be nil after payment of the principal and interest on 15th May 1934 if not other loans are taken.

4. The following are the conditions of sale Government reserve to themselves the right of altering all or any of these conditions after giving three months' previous notice, and power is reserved to vary the upset price referred to in condition (ii) at any time without such previous notice:—

(i) The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such promissory notes shall be redeemed on the part of the purchasers at this office by receipts of the Imperial Bank of India or by substitution of other public securities of the Government of India on or before 3-30 P.M., in the afternoon of the 5th day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the

time aforesaid, then the lot or lots for which no receipts of the Imperial Bank of India or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as Government shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

(vi) The said promissory notes shall be absolutely payable in any event and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

(vii) The promissory notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

(viii) No tender of money, receipts of the Imperial Bank of India or public securities on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause (v) on the fifth day following the day of sale, will be afterwards accepted; provided always that money so subsequently tendered may be taken in payment of the said promissory note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. (v) and No. (vi).

(ix) The opium advertised for sale shall be paid for not later than 3-30 P.M. of the fifteenth day after the day of sale, provided it does not fall on a Saturday if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and, in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as Government shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

(x) Purchasers taking out certificates or orders for the delivery of opium, after making full payments as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorising the delivery of single lot or of a different number of lots or chests, whether more or less than the number of lots or chests ordinarily required to be included in each certificate or order.

(xi) No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

(xii) The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India notes, receipts of the Imperial Bank of India or Government securities a sum equal to the amount for which a promissory note would otherwise be taken under the fifth of these conditions.

(xiii) With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any

unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bona fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 4,500 specified in the second of these conditions.

(xiv) The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of opium not exceeding altogether ten lots, provided always that there remain a sufficient number of lots of the opium to complete the said ten.

(xv) In the event of any dispute of difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

5. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the office of the Government of Bengal :—

No. 1.—Certificate of the opium advertised for sale.

No. 2.—Report of the examination of such opium.

6. The public are hereby informed that in providing the investment of the opium manufactured at the Ghazipur Factory, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Ghazipur Factory, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the office of the Government of Bengal.

7. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the office of the Government of Bengal. But, in accordance with established usage, under no circumstances will the Government entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred, on reference to chests, after the sale and delivery of the opium for shipment.
